A SHARED MISSION TO UPLIFT

Labor unions have long served as pillars of strength and solidarity in our communities — fighting for dignity, fair wages, and better working conditions for all. But their impact extends far beyond the workplace. A partnership with Catholic Charities to help feed those in need — including hardworking adults, families, and children — reflects our shared mission to uplift the most vulnerable and ensure that no one is left behind. Together, we're not just addressing hunger; we're investing in the health, stability, and future of our neighborhoods.

CAMPAIGN TO FEED OUR COMMUNITY

The New York Labor Movement supports Catholic Charities' "Campaign to Feed our Community." Alongside partners in the New York's Labor Movement, and with the support of the NYC CLC, NYS AFL-CIO and DC 37, the Campaign aims to provide **over 20,000 nutritious meals to families in need**. The Campaign's efforts to engage with New York's unions to raise funds, provide volunteers, and build or strengthen existing partnerships reflects the power of collective action. Feeding our neighbors is core to the shared values of both the Labor Movement and Catholic Charities. Together, we are building a stronger, more compassionate New York for all.

SERVING NEW YORKERS IN NEED

- Feeding Our Neighbors is more than a food program — it's a movement to ensure that every New Yorker has access to nourishment, dignity, and a chance to thrive.
- Strategically sources, safely stores, and delivers culturally responsive foods, emergency resources, and disaster-relief supplies to communities across our network.
- Operates across Manhattan, The Bronx and the Lower Hudson Valley, supporting a network of 35+ pantries across these regions.
- Collaborates with parishes, schools, elected officials, and community-based organizations to provide critical distributions and pop-up pantries to address food insecurity in high-needs areas. Catholic Charities has a continued interest in working with supermarkets, distributors, private funders, unions, and farmers.
